Description & Scope

Description:

The International Journal of e-Collaboration (IJeC) addresses the design and implementation of e-collaboration technologies, assesses its behavioral impact on individuals and groups, and presents theoretical considerations on links between the use of e-collaboration technologies and behavioral... [Show More](#)

Mission & Scope:

The mission of the International Journal of e-Collaboration (IJeC) is to publish papers that address the design and implementation of e-collaboration technologies, assess the behavioral impacts of these technologies on individuals and groups, and present theoretical considerations on links between the use of e-collaboration technologies and behavioral patterns. This journal emphasizes... [Show More](#)

Coverage:

- Analysis of different research methods and their impact on the study of e-collaboration technologies in organizations
- Collaborative writing tools
- Comprehensive reviews of previous studies on e-collaboration technologies in organizations
- Design and evaluation of Asynchronous Learning Networks (ALNs) in organizations
- Design and evaluation of intelligent e-collaboration technologies in organizational settings
